Here is what you need to e-mail us so we can construct your Personalized Custom Grafix!

For: Custom Grafix

- 1) After you have notified us that you would like to have a graphic custom tailored to your preferences, you will receive an e-mail from us acknowledging the commencement of our conversations.
- 2) Since each Custom Grafix work is unique and will be the way you want it (size, colors, pictures, effects, etc.), you will need to send us the image(s) you would like customized as well as highly detailed information about what you would like to see happen with your project.
- 3) At that point, we will take a moment and evaluate the situation and how much work will need to be devoted to this project and will quote you a final investment price for the Custom Grafix. (Your \$9.95 deposit will be used toward the final investment price)
- 4) After you have received our response and quote, if you so decide, we can get to work and take any other ideas or concepts you have in mind and put them to work!

E-mail Us!!!

Send me an e-mail with all the things listed above! I'm looking forward to designing your Personalized Custom FanGrafix image!
